# A Spiritual Mentorship Program For The Serious Seeker

## About Your Facilitator

A tragic business **loss** in 2006 initiated a radical personal and professional **reinvention**.

Instead of going back into the left-brained business world, I decided to embark on a **spiritual** journey and include what I learned from three **near-death** experiences.

I became a **Reiki Master** and got certified as a **Hypnotist** and **Grief and Suicide Hotline Counselor**. I became a **non-denominational Minister** and got a PhD in **Metaphysical Science** and **Holistic Life Coaching**. I wrote a couple of books and launched my own global [community](#) and online [academy](#), teaching business courses to holistic healers and dowsing and EFT courses to business people. I also started a podcast, [The Core Freedom Show](#).

To date I facilitate dozens of professional and personal development courses to almost **35,000** students in **162** countries, with over **4,000** five-star reviews.

I'm comfortable in both worlds, the world of **business** and the world of **spirituality**, and have a knack of explaining complex spiritual issues so everyone can understand.

During my reinvention I knew that *not* making these unseen worlds and realms a part of my new path would not be an option. More and more people are waking up to the fact that *there is more than what meets the eye*. And thankfully a life time of **seeing the unseen** has prepared me well to assist you safely on your journey.

More and more students continually asked me to help them **protect** themselves during their healing sessions. This **mentorship** can do that, and so much more.

My ultimate dedication here is to the **evolution** of the human **soul**. There is no greater calling for me than to assist you on your **journey of awakening**. This path of ascension, however, does not come without obstacles. I'm here to help in the safest way possible, and to help you make sense of things that have been a part of my entire life.

I look forward to helping you understand and protect yourself.

Cha~zay, Ph.D., C.H.
